

De Rust Grass Carp

De Rust Boere (EDMS) Bpk, PO Box 246 Bonnievale 6730
Phone 027(0)236162444 Fax 0865447505

Company Profile

We are specialists in the breeding and application of sterile Chinese grass carp, (*Ctenopharyngodon idella*) for the control of aquatic weeds in dams and waterways. We have 20 years of experience in the application of sterile grass carp. We are involved in numerous projects and estate developments. We consult clients on a wide range of practical application models and the development of dams into angling destinations for the eco-tourism market.
